

Parent Engagement Night

How will AI effect our childrens' future

Parent Council is hosting an information session with Francis Coral Mellon to explore how artificial intelligence will impact our children's future education pathways, career choices, and emerging opportunities in a rapidly evolving workforce.

Francis Coral Mellon, CEO/ Founder of Uprise.ai, is a technology strategist specializing in artificial intelligence, the future of work, and the evolving landscape of education and careers. He works with local tech startups, video, and media focused AI companies. His mission is to become one of the world's top social innovation strategists, helping communities adapt to rapid technological change.
